

SENTINEL

CONVERSATIONAL INSIGHTS

Harness the intelligence of every call.
Understand and act with confidence.

100% Visibility into Every Call

Get instant visibility into client calls, trends, and performance.

Improve Coaching and Customer Experience

Easily identify training opportunities & recurring customer issues.

Works With Any Phone System

Get smarter data & visibility without changing your workflow.

How It Works

- 1. AI Listens:** Every call is automatically transcribed and analyzed using advanced language models.
- 2. Insights Appear Instantly:** Sentiment, keywords, and outcomes are displayed in clear dashboards tailored to your business.
- 3. You Take Action:** Spot issues early, coach smarter, and make informed decisions that improve customer experience and team performance.

What Clients Are Seeing

100% of calls reviewed automatically

90% faster call review cycles

2x improvement identifying negative situations

50% reduction in missed follow ups
